

ADELIE CONSTRUCTION

Preconstruction Home Preparation Checklist

Prepare access, belongings, pets and household routines.

HOMEOWNER PLANNING TOOL

Project name: _____

Property address: _____

Date started: _____ Target start: _____

Use this workbook to organize questions and decisions before they become expensive field changes. It is a planning aid, not project-specific legal, design, engineering or code advice.

Before Mobilization

Confirm work hours and access route

Remove valuables and wall hangings

Photograph nearby existing conditions

Identify shutoffs and alarm instructions

Living Through Work

Temporary kitchen or bath plan

Dust separation and air-filter plan

Pet and child safety plan

Parking, deliveries and trash locations

Records

Contract and approved plans saved

Selections and model numbers organized

Emergency contacts confirmed

Communication and decision process confirmed

Questions for ADELIE

Use this space for decisions that require a site visit, drawings, trade input or a written proposal.
